

Sculpture Club is a programme of free family-friendly creative workshops run in partnership with **Glasgow Sculpture Studios** and **Queen's Cross Housing Association**. Sculpture Club sessions give children and their grown-ups the chance to spend time together, try new things, get creative, and stay connected. Led by experienced professional artists from Glasgow Sculpture Studios, each session is always unique and a great introduction to new ways of thinking and making that you can continue at home and in your own pace.

We've been working on **Sculpture Club at Home** as a way to keep making, sharing, and connecting while we're unable to run our usual weekly sessions at Glasgow Sculpture Studios and Woodside Library. With your weekly food delivery throughout June you'll receive materials and instructions for each week's activity. We'll also be sharing a video to accompany each activity too at:

www.glasgowsculpturestudios.org/sculpture-club-at-home

We'd love for you to share what you've been making with us! You can post your creations to the **@SculptureClubbing** Facebook page, or using the hashtag **#sculptureclubathome** across social media, or emailing them to kirsty@glasgowsculpturestudios.org.

**GLASGOW
SCULPTURE
STUDIOS**

You will be making a puppet from paper and sticks. You can make an animal, a person, or an imaginary being that you made up in your head!

It's very simple - all you will need to do is cut and stick paper onto your sticks to make your puppet come alive :)

1. Look at your paper and think about what animal it already looks like

If it was orange paper: a goldfish?

You can use recycling from around your house too - I used a plastic bag as a dress.

2. If you want to make a very big puppet: make a cross with your sticks

Tape it in the middle - this will create the shape of a body

You can now start decorating your puppet! Does it have: hands, feet, wings, claws, fins, teeth, eyes, nose, mouth, 8 legs?

If you want to create a smaller puppet: Tape a paper shape onto the end of your stick and start decorating your puppet!

Use your coloured paper and pens to create your puppets features - curly eyelashes, dangly wings, scary teeth, an enormous beak?

Stick on as many bits as you want! Make it as crazy or as colourful as you want it to be.

When you're finished...

* How do the sculptures move when you take them to your window or outside? Do they blow in the wind?

* Create a puppet show and perform to whoever you live with!
